

RESPECTING OUR PAST.
PREPARING FOR OUR FUTURE.

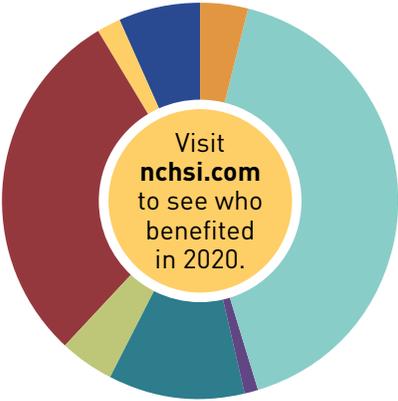

River Bend
HOSPITAL

NCHS is committed to providing health care and promoting healthy communities for the benefit of its eight-county service area. NCHS offers grants to qualified nonprofits primarily for capital projects and initiates strategic funding partnerships to directly address the most critical community health needs in the NCHS service area. Visit the NCHS website, nchsi.com, for guidelines and application information.

TOTAL	\$ 9,482,674

OUR GOAL is to develop healthy communities by supporting mental health, substance abuse prevention and health improvement initiatives.

Stephanie Long, FACHE

In a world where access to quality mental health services was already dangerously limited, the 2020 COVID-19 pandemic only served to escalate disparities against those living with a mental health diagnosis. Our mental health providers have bore a heavy burden with a significantly increased need for services, support, and treatment.

During this crisis, North Central Health Services and River Bend Hospital offered necessary support through capital grants for nonprofits, collaborated with community partners to identify the greatest needs, and created a COVID unit for those needing inpatient mental health services.

Throughout 2020, River Bend Hospital focused on providing exceptional mental health care to our patients in Tippecanoe and surrounding counties. With a commitment to excellence and a heart of service, our team of dedicated professionals responded to unprecedented community needs, partnered with our community leaders, and connected those needing treatments to the resources they required and deserved. While the challenges of COVID-19 continue, North Central Health Services and River Bend Hospital stand firmly committed to removing barriers and supporting the mental health needs of our community.

In Partnership,

Stephanie Long, FACHE
North Central Health Services CEO/President

Governed by a volunteer board of individuals serving our eight-county area, NCHS is a 501(c)(3) organization with a long tradition of providing medical services.
